### INTERNAL IMPROVEMENT LANDS

Two bills were passed by the last Legislature for the sale of the Internal Improvement Lands; one introduced into the Senate by Mr. Rose, of Scott county, and the other introduced into the House by Mr. Ayres, of Washington county. Both were identical in purpose, and without material variation in terms, but each House preferred its own bill, and it was finally agreed to pass both, and allow the Governor to make a choice. On affixing his signature to the Ayres bill, he has assigned the following reasons:

First.—That it is believed that the lands can be disposed of at a better advantage to the State on the terms of credit given by the former (2) years than by the latter (10) years. It is thought that the much more ready sale with which the school lands meet, as compared with the sale of railroad and private lands, is owing to the more liberal terms given as to credit.

Second.—The House bill preserves a uniformity in our system of public sales.

Third.—The Senate bill as enrolled and presented in the Governor's office applies only to the "first hundred thousand" acres of the Internal Improvement lands. The act will be submitted to the people at the next general election, for their approval or rejection.

### Smoking "Not Offensive."

A correspondent of a Georgia paper tells this story: "One night, passing from Wilmington, Fla., to St. Paul, Minn., we were filled with gentlemen, and there was only one lady present. After we had proceeded some way, it was proposed to have a smoke, but one of the passengers pointed to a card on which there was, 'No Smoking Allowed.' So when the conductor came through the car, he was asked if he would allow us to smoke. He pointed to the lady and replied, 'If she has no objection you may do so.' I went to the lady, and having asked if it would be offensive to her, she lady-like, answered, 'Not at all, my dear sir; I am sure if I had a cigar, I would smoke myself.' She was at once supplied, and we went on a set of happy fellows, smoking ourselves to sleep."

### What a Patriotic Confederate Thinks of the Old Flag.

[From the Houston (Texas) Telegraph.] As a conquered rebel, we yet rejoice that we were born and raised in the United States. Somewhere, however, the conviction has been settled in our mind that the Stars and Stripes have a work to do in the destiny of nations that human ken cannot foresee, and that each separate star is to grow and grow until the poor little star down South will be the brightest of the constellation.

This conviction has reconciled us to fate, and to-day there is not a more loyal subject to this Union within its limits than myself; and in any clash of arms between it and any foreign power we should as devoutly wish that our flag would triumph as we ever desired the success of the Confederate arms.

We do not believe that a traitor in all the South, of true Southern feeling, could be found in case of such a war, and should it come, and a traitor should be caught on Southern soil, we would venture the prediction that his history should be traced in the Southern States, and most likely be a carper, babbler, intent only upon gain—a man who would sell his soul to the devil for lucre.

A war between us and any nation would be deplorable, and we should all pray Heaven to avert it. But, should it come, it will show the world that the Southern people do not possess a Punic faith, and before the whole world the Northern people will be ashamed of the injustice they have done us for years. We are outraged and oppressed by the unscrupulous set of managing tricksters that ever the bayonet put over a free people; but in our misfortunes we have the dignity of that patriotic virtue which will not allow us to play false to our country.

An elderly gentleman, traveling on a stage coach, was amused by the constant fire of words kept up by two ladies. One of them at last kindly inquired if their conversation did not make his head ache, when he answered, with a great deal of naïveté: "No, madam, I have been married twenty-eight years."

Vermont farmers sweetly anticipate good maple sugar season.

### CARL SCHURZ.

This remarkable German just now engages greater share of public attention and is more prominent in political circles than any other man in the nation. We incline to the belief that his abilities, culture, and oratorical power justify our estimate of him to the high estimation in which he is held. His speech last week in the Senate on Sumner's resolution calling for an inquiry into the alleged sale of arms by the United States to France during the late Franco-German war, was certainly a masterly effort. The Washington Patriot, a leading Democratic journal, thus speaks of it:

"If anything was wanting to complete the fame of the distinguished Senator from Missouri, as an orator, statesman, and reasoner, it was furnished by his most powerful, brilliant, and exhaustive speech Tuesday, which in many respects, recalled the better days of the Senate, and made us again proud of a body which once commended the respect, admiration, and confidence of the country."

So far as the immediate question is concerned, the speech was absolutely crushing every disputed point. The sophistries and quibbles with which Mr. Conkling and Mr. Morton had sought to excuse the conduct of the Administration and its officials were field upon successfully, and exposed with overwhelming effect. Not only was the violation of neutrality made transparent, but flagrant outrage upon our own law was established by the direct evidence of the very officers whose conduct has been applauded with such unbecomingly zeal by the partisans of the President. All the suggestions of the Administration Senators in regard to the German war and other alleged motives of the investigation were turned with damaging results, until the whole defence was swept away, as with the rush of a tornado."

### Ready for any Emergency.

The San Francisco Bulletin says: "A tall, powerful gentleman, with a countenance suggestive of exposure to wind and weather, entered the car on Montgomery street, and assumed a position on the rear of the platform. He was richly dressed, wearing a suit whose polish reflected one's face almost as a mirror, and from the pocket of his vest hung a massive gold chain. The chain alone gave him the look of a fortune teller, and the golden, galloping horse at the end, suspended by the back, corroborated impressions caused by the chain. The conductor, as he neared the depot, started on his tour of collection, intending to commence with the miner. But he was destined to meet with unexpected opposition in the pursuit of his legitimate business. He placed his hand in the side pocket of his coat to draw forth his nippers, when the miner's lip pocket, accompanied with the exclamation:—

"Look here, stranger! I know you from the mountains, but you can't get the drop on me!" The other passengers in the car, save a few ladies, smiled, "explained thus followed, and the gentleman from Nevada put up his weapon and paid his fare."

Mrs. Woods, of Millersburg, Holmes county, Ohio, is driving a good business, with the aid of the liquor law. She has recovered \$35,000 from dealers who have sold liquor to her husband, and the old woman still sticks to the saloons.

That was a curious point raised in the British House of Lords by Lord de desdale the other day, that as the South and North were partners in the same governmental firm Great Britain could not on ordinary principles of law or equity be sued for injuries done by the Southern partner. As the London News says this is pushed a false analogy to an extreme length. "The assumption that rebellious States brought back by conquest under the same entity from which they revolted, can be compared to partners in a commercial firm is a wild flight of the imagination."

Chicago's wickedest man carcases his family at frequent intervals with hatchets, boiling water, carving knives, saws, mallets, etc., and then sells their clothes and get drunk on the proceeds.

APPOLOGUE.—We are under the necessity of apologizing for the mechanical appearance of the HERALD the past few weeks. We expect a new roller next and with that an improvement in the appearance of the HERALD.

EXCURSION.—We understand there is a projected fact for an excursion from St. Paul to Chaska, in aid of the "patience square association." The St. Paul "Musical Union" have signified their willingness to give a concert free of expense, in aid of the project. Mr. Young is the projector and has the management under charge.

LUMBER YARDS.—Chaska is at last well supplied with lumber yards, something we have been deficient in for a number of years past.

Henry Young has a large yard, well supplied with lumber from Butlers yard in Minnesota, and Lutenetser & Faber have also a well stocked yard furnished from Washburn yards also of Minneapolis. They sell at very small margin and therefore command the business of this section of the County.

CHASKA MARKET.—The following are the Chaska market quotations: Wheat \$1.05 per bushels.

Oats 35 cents, Corn 45, Barley 40, and dry maple wood \$3.50 per cord.

INCREASING.—The population of Chaska is steadily on the increase, two new enlistments having been made during the past two weeks. Fred Wommer and Fred Hilt becoming the happy fathers of two bouncing boys.

ROUTE AGENT.—Our old army friend John H. Thurston, of Farmington has been appointed mail agent on the Hastings & Dakota Railway and visits our city once a day. J. H. was a good soldier and will without doubt, fill the bill as mail agent.

CONCERT.—We hear that the Misses Smith of the Academy purpose giving a concert on Friday evening March 15th in the upper hall of the same. All who have heard them perform and appreciate good music will no doubt make use of the opportunity.

#### Religious Notice.

The Moravian Sunday School will be re-opened next Sunday the 10th inst., at 9 o'clock A. M. English Preaching in the Church at 3 o'clock P. M.

By request, Mr. Smith will re-commence preaching at Carver every alternate Sabbath. The first service will be on the 17th inst., at 7 o'clock P. M.

#### THE LAWS.

All the general laws passed by the Legislature will be published officially in the HERALD in a few weeks. Now is the time to subscribe for your local paper and get the general laws, local news—all for the sum of \$1.50 per year. Send in your subscriptions and get all the county printing.

Will our Carver correspondent please "rise to explain" the reason of the non-appearance of his weekly letters in the HERALD?

### Town Meeting.

The annual town meeting is called for next Tuesday, at which time a new set of town officers will be elected for ensuing year. The officers to be elected are, to the best of our recollection, 3 Supervisors, Town Clerk, Assessor, Treasurer and 2 Justices of the Peace. The financial condition of the town will also be considered.

### Local Legislation.

The following legislative acts, affecting the interest of Carver County, have received the approval of the Governor. To amend section 1 chapter 75 general laws, relating to terms of the district court in the 8th district. This act changes the terms of the district court in this county to the 1st Monday in April and the 1st Monday in October in each year. A memorial to Congress for an increase of service and extension of mail route No. 13,761, from Chaska in Carver Co., by way of Laketon and St. Bonifacius post offices, to Watertown. County a-fore-said.

Providing for the removal of the county seat from Chaska to Benton.

Also for a branch railroad from Carver via Henderson to the Iowa State line.

Also for a branch line from the Pacific road, via Watertown to Hutchinson.

Also allowing the towns of Wagon, Watertown, Hollywood and Camden to vote bonds to projected roads through said towns.

### BILL LOST.

The Governor either refused to sign or vetoed the bill for the change of the name of the village of Young America to that of Ten Oulage, after having passed both branches of the Legislature unanimously.

The little "Dumpty" running between Chaska, Carver and Shakopee makes her four trips per day as regular as clock work, and with conductor O'Brien in charge has already gained the good will and confidence of the traveling public. Her running time is given at the head of our local column.

COUNTY BOARD.—The board of county commissioners meet next Wednesday. All those having business before them should take cognizance of the fact.

IRREGULAR.—What is the matter with our 3 o'clock mail. The mail bag fails to reach Chaska about every other day? We hope we would have to endure this long.

SNOW.—As we go to press, snow is falling quite lively. A good prospect for another winter.

FRED DU TOIT, editor of the Chaska Herald and Representative from Carver County, did a good thing in the House the other day by tacking an amendment to a bill before, providing that it should not take effect until 1919. The amendment was carried and the bill indefinitely postponed.—A.H.S.

### DEMOCRAT & NATIONAL CONVENTION.

The Chaska Democrat, always staunch and true, speaks as follows concerning the direction of the Democratic National Committee: "It is not about time that the National Democratic Committee were fixing the time and place of holding the National Democratic Convention? It is to be understood that the Democratic party has been sold to the sore head Republican faction? There is evidently a screw loose some place, and the Democratic members of Congress should compel said committee to their duty or take the matter into their own hands."

### The Shakopee Fire.

The burning of the shops of the St. Paul & Sioux City road in Shakopee last week was a very serious loss to the company. The Argus gives the following list of the locomotives which were lost, and their value:

No. 2—the Chaska—was a switch engine used generally at St. Paul, but was sent up on the day of the fire for repairs. The value of the Chaska was about \$6,500.

No. 4—the St. Peter—was undergoing repairs and was worth about \$10,000.

No. 8—the Sioux City—was also undergoing repairs, and had been thoroughly repaired. Value \$11,000.

No. 10—the St. James—was in the shops for small repairs, and was ready to go into service. Value \$11,000.

The total loss is estimated at \$38,500, of which \$25,000 was insured.

## The Germans Moving.

On the 24th of February there was a great mass meeting of German Republicans at Cincinnati, under the auspices of the Reform Association of that city, which was eloquently addressed by Judge Stahl and Dr. Brühl, in denunciation of the policies and practices of Grant's administration and of the Republican party—or, as expressed by Dr. Brühl, against the entire system which, Grant represents—the system of corruption, bribery, patronage, nepotism, usurpation, and centralism. We cannot spare room for extended extracts from these speeches, but the reader may judge of the prevailing sentiment of the speakers and the audience from the following paragraph by paragraph, and occasionally adopted:

1. We declare in favor of maintaining the Constitution as amended, and the protection of every citizen in his rights under the same.
2. For the continuance of the Federal power within constitutional limits, and the most strenuous maintenance of the State and municipal rights.
3. For general amnesty, in order thereby to lay the foundations for the restoration of fraternal feeling and relations between the people of the various States.
4. Against all secret political combinations.
5. In favor of introducing and carrying out a practical and rational civil service reform.
6. Against the present caucus system, so dangerous to freedom and at variance with the spirit of our institutions.
7. For the introduction of the caucus system, in regard to the Presidency of the United States.
8. Against protection and against monopoly.
9. In favor of such a tariff and internal revenue system as has the simple object of furnishing the Government with sufficient means to meet its necessary expenses and secure the gradual reduction of the public debt.
10. For the most rapid possible, yet gradual, return to specie payment.
11. For the inviolable maintenance of the public credit.
12. For the rigid adherence to the principle of ignoring party consideration in local elections, and regarding only in equity and capacity, since through the same can the best economy of administration be obtained.

## An Incident of the Census.

From Cincinnati Commercial.

Politeness and other things that never come when they are not desired, rings the bell of a comfortable residence, and only half open door, and asks his business.

"Please give me your husband's name, and the number of persons in your family."

"My husband is not at home and I don't care to answer impertinent questions."

"But, Madam, I'm taking the census. This is a work of necessity; so please give me the facts."

"I tell you I'll not answer your questions, so go about your business."

"Well, in that case I shall have to take the necessary steps, and—"

"Take the necessary steps if you can; take the whole party if you can."

Door slams.

## The Northern Pacific Route.

From Duluth Minnesota, 5th.

About 450 men are at work on these magnificent structures. The grading and piling of the approach track has been done from the "Y" connection with the Lake Superior & Mississippi Railroad to the west end of the steamboat dock—4,650 feet in all—and 3,000 feet of this distance has been laid with iron—the indefatigable Dan. Childe being the job. The pile driving continues on the outer line docking. The soundings of the day proceed as usual.

Hon. PENROCK MEYER, late Assistant Secretary of State has been appointed Commissioner of the State. The office was created by the last legislature and the appointment was made by the Governor.

D. GAMBRO, announces that he will on March 7th, commence the publication of a daily Democratic newspaper in Chicago to be called the News.

## The Jumel Case.

The Jumel case still goes on in the United States Court before Judge Shipman. A few witnesses were examined yesterday. Among the number was Mrs. Perry, daughter of Nelson Chase, and also Nelson Chase himself. Mrs. Perry testified that Madame Jumel told her that she never had any children of her own, and spoke about adopting one of her children. Nelson Chase testified to his marriage on the 15th of January, 1852, with Mary Jumel Bowen, who Madame Jumel said was to be her heiress. After their marriage they resided with Madame and Stephen Jumel in New York and also traveled with Madame and resided with her at another time in Hoboken. Madame Jumel had told the witness that her father was John Bowen a mariner, and her mother Phoebe Kelly, and that she had one brother and sister, the latter becoming afterwards Mrs. Jones.

## Dr. Huston Believed Guilty.

The sentiments of the Methodist Church in Baltimore in relation to Dr. Huston can be gathered from the sermon of Dr. Mansey at Central church, who, while not alluding directly to this terrible affair left no room in the minds of his hearers that his whole discourse was based upon it. It was the children of St. Paul's Church that had been corrupted by the villain, and it was he, who, after listening to his protestations of innocence, with his hand upon the Bible, charged home to him his guilt, and ordered Dr. Huston to yield up his license and fly from the wrath that his conduct had awakened. Those who listened to him were under no uncertainty as to his convictions of the guilt of the accused. His language was emphatic and strong against those who play the hypocrite and use the liver of Christ to serve the devil and minister to their own passions.

## The Great Whisky Corner.

[From the Cincinnati Commercial, 25th.] That whisky corner in Louisville, so largely advertised through the Associated Press yesterday, is a humbug. A second-rate house in a fifth-rate town has not succeeded in getting out a barrel of whisky in the country by a good deal. The enterprise is like that of some persons who have known who spend their best years trying to consume all the Bourbon in the country. They undertake too large a contract. The stock of old Bourbon whisky in this city is about forty thousand barrels, which is a small stock for this town. One house here handles as much whisky as the total receipts of the Louisville market. We will admit that there are individuals in Louisville who can corner several big drinks in the course of a day, but by the time they have cornered little forty thousand barrels we suspect the ring will dissolve.

## The Sickles and Marsh Difficulties.

[Washington Dispatch to N. Y. papers.] It is authoritatively stated that the Spanish government has verbally through its Minister near this government, complained of Gen. Sickles' interference in Spanish politics, thus making himself objectionable as a Minister. The complaint was made in a friendly way, but showed that his continued presence would not be agreeable at Madrid. Our Government has no disposition whatever to impose a minister upon any other government against its wishes and will, it is intimated, act in this matter as it acted in the case of Bismarck, who was appointed Minister to Austria, but that Government having expected an independence to receive him in that capacity owing to his having, in 1869, while a member of the House of Representatives, offered a resolution showing his deep sympathy for Sardinia, he was transferred to the Chinese mission. The friendly intimacies by Spain to our Government are not, however, of recent occurrence. They were made about three months ago.

Another diplomatic trouble, between the United States and Italy, is an objectionable dispatch of Minister Marsh to the States Department, reflecting upon that Government. There is no doubt that it has only recently been discovered, though written in September, 1870, and unintentionally published in the diplomatic correspondence of that year. There may have been comment upon it in diplomatic circles here, but it has not been brought to the attention of the State Department.

## Puget City.

The western terminus of the Northern Pacific road has been located at a place called North Wharfe, at the mouth of the North Fork river about 23 miles south of the British line. The company intend to erect their depot and carhouses immediately. A town has been laid out already, to be called Puget City, and has already been sold for \$100. If it is a place by nature fitted to be the terminus of so great a line, it is destined to become one of the great cities of the world.

BRIDGE LAWS VETOED.—A large batch of acts appropriating money for bridges in various parts of the State, have been vetoed by the Governor.

After which, upon motion, a tax of 3 mills was raised for road and bridge purposes and 5 mills for town purposes. Anton Boss was elected road overseer in the 1st district; and Mathias Logelin in the 2d.

## PERSONAL.

Letters lately have been received from the Hon. Isaac I. Lewis, late of Watertown in this County, now in Montana Territory, which give flatting reports of his success in business at that place. Our readers will remember that Mr. Lewis was one of the Robinson Mining Company, organized at Minneapolis last June, for some unknown point in the Rocky Mountains, Robinson having deserted them at Helena, nearly all the party returned home. Mr. Lewis not wishing to return commenced prospecting on his own hook, and soon made a discovery of a rich silver lode. With his usual business capacity he soon had it opened, and with a large crew of men is now taking out the ore which he sells at the shaft, from \$75, to \$500, per ton, according to the grade of the ore. He lately sent for his family, and last week his wife and children left for Helena city. All his friends will be pleased to learn of his success, to which his energy so justly entitles him.

## SERENADE.—The Chaska Band and the Concordia Serenaded John Boss in honor of his 40th birthday last week. They enjoyed themselves hugely.

WE are in receipt of a communication from the Hon. C. H. Lincoln, appointing the Democratic town committees for the ensuing year. We will publish the same in our next issue.

## SCHOOL MONEY.—Under the spring appropriation of school money, Carver County receives \$1,065.20 and has 5,025 scholars. A very handsome little sum.

## COUNTY BOARD.—The board of county commissioners met yesterday and will probably continue in session until Saturday evening. Mr. Kelly the new commissioner took his seat and filled it as efficiently as formerly.

TRANSFER.—B. A. Manier sold his brick yard, to Gen. West and Mike Bierline for the sum of \$2,000. The place consists of 8 acres and is in good condition early in the spring and embank largely into the manufacture of brick the ensuing summer.

## THE GERMAN VOICE.

The German Society (Deutscherverein) of the city of La Crosse, held an enthusiastic meeting on the 4th inst., and adopted a preamble and a series of resolutions, from which we extract the following:

Resolved, That Senator Carl Schurz, of Missouri, merits the approbation of the country, for his independent and fearless opposition against corruption in power, also for his battle for a necessary reform, and for his unflinching and unshinching defense of the right and of the national honor of our adopted country.

Resolved, That we look with great confidence and admiration upon the bearing of Senator Schurz in the Senate of the United States, and outside of the same, and we tender him, therefore, publicly, our warmest sympathy and thanks.

Resolved, That we regard the insinuations of Senator Carpenter, of our own State, as to the motive of Senator Schurz in supporting and defending the resolution of Senator Sumner regarding the sale of arms—Latin, not wholly pure American but partly foreign to the interest of this country, and that, therefore, the wisdom of our liberal naturalization law must be doubted—as mean and contemptible, and beneath the dignity of an American Senator.

## Grants' Southern Supporters.

[From the N. Y. Sun.]

Out of the Six Governors of reconstructed Southern States who have been specially conspicuous for their devotion to the interests of Grant, one, Holden of North Carolina, has been impeached and deposed from office for fraud and corruption; another, Scott of South Carolina, is denounced by the decent men of his own party for his unblushing and insatiable plunder; another, Bullock of Georgia, was obliged to flee from the State to avoid the penitentiary; another, Clayton of Arkansas, is now in the United States Senate, but will be expelled for fraud unless his friend Grant saves him, as he did from prosecution in the courts of Arkansas by a scandalous use of executive authority; another, Reed of Florida, has been impeached for fraud, bribery, stealing and conspiracy; and the other Davis, of Texas, has been indicted by a Republican grand jury of a United States Court for issuing a fraudulent certificate of election to a member of Congress.

## Warmoth vs. Grant.

The New Orleans Times of the 6th, publishes a long interview with Gov. Warmoth, in which, after stating that he had no intention of making friends with Grant, the Governor said: "I intend to support the nominee of the Cincinnati convention, if Grant is nominated at Philadelphia I am unqualifiedly and determinedly opposed to Gen. Grant's re-election as President of the United States." His reason for opposing Grant is that Grant has supported the Federal officials in Louisiana in their efforts to destroy the State government. Warmoth further said: "If under any circumstances I consented to become a candidate for re-election, it would not be as a reformer on the reform platform."

A letter has been received from the chairman of the national Republican committee, recognizing the Republican committee of which Marshall Packard is chairman, as the only regular Republican organization in Louisiana.
